

SCHOOL OF STATISTICS
UNIVERSITY OF THE PHILIPPINES DILIMAN

03 March 2017

Dear Sir/Madam:

The University of the Philippines School of Statistics, in collaboration with the University of the Philippines Statistical Center Research Foundation, Inc. (UPSCRFI), is pleased to announce the schedule of training seminars in Applied Statistical Analysis for 2017.

The modules in Applied Statistical Analysis generally aim to provide the foundation in statistical techniques that are vital in the understanding and application of the quantitative methods that are employed in the analysis of data (e.g. social science, sales, monetary, financial, and economic data).

These modules specifically aim to provide the participants with the knowledge of statistical methodologies that underscore the quantitative methods employed in current research in the areas of social sciences, business, finance and economics. A more detailed description of each module can be found in the enclosed brochure.

Professors of the School of Statistics, with wide-ranging consulting and research experiences, will serve as resource persons. Certificates of completion will be awarded to the participants upon the conclusion of the module.

A. Introductory Modules

MODULE	No. of Hours	Training Dates & Time	Last Day for Registration	Training Fee*	Prerequisite
Basic Statistics with Exploratory Data Analysis	21	3-5 May (Wed, Th ,Fri) (8:00am-5:00pm)	28 April	P9,500.00	Algebra and Basic Excel
Applied Statistical Forecasting	14	11-12 May (Th and Fri) (8:00am-5:000pm)	5 May	P8,950.00	Basic Inferential Statistics and Excel
Statistics for Market Segmentation and Predictive Modeling	14	18 -19 May (Th and Fri) (8:00am-5:00pm)	11 May	P8,950.00	Basic Inferential Statistics and Excel

B. Advanced Modules

Advanced Regression Analysis	28	23-26 May (T-F) (8:00am-5:00pm)	18 May	P15,000.00	Basic Regression Analysis and Excel
Advanced Time Series Analysis	28	6-9 June (T-F) (8:00am-5:00pm)	2 June	P15,000.00	Basic Regression Analysis and Excel
Econometric Methods for Impact Evaluation	28	13-16 June (T-F) (8:00am-5:00pm)	9 June	P15,000.00	Basic Regression Analysis and Excel
Financial Risk Modelling	28	20-23 June (T-F) (8:00am-5:00pm)	16 June	P15,000.00	

** includes materials, lunch, snacks and use of laboratory facilities. UPSCRFI is VAT-exempt.
Copy of BIR certification is available upon request to aid processing of fees.*

We are offering reduced fees for those who will enroll in at least two modules. An advance payment of Php 5,000.00 can be made to reserve your slot(s). Full payment shall be made one week before the start of the training. Payments are non-refundable for NO SHOW participants.

We accept reservations on a first-come-first-served basis. Each module can accommodate about **25 participants**. We are sending the registration form and the course details. Please accomplish and send by fax to **928-08-81**. (*Registration forms may be reproduced, if necessary.*)

Please make all checks payable to **U.P. Statistical Center Research Foundation, Inc.**

We hope to hear from you.

Very truly yours,

Dr. Dennis S. Mapa
Dean, School of Statistics
Executive Director, UPSCRFI
